November 29, 1982

Mr. D. W. Hedberg
Utah Division of
Oil, Gas and Mining
4241 State Office Building
Salt Lake City, UT 84114

Dear Wayne:

Please find attached, per Ms. Susan Linner's request, the response to Rule M-3(2)(e) that was inadvertantly left out of the October 27, 1982 response to The Division of Oil, Gas and Mining.

Sincerely,

Linda K. Limbach
Environmental Specialist

DIVISION OF
OIL, GAS & MINING

RULE M-3(2)(e)

The reclamation/revegetation practices for the retorted shale disposal area, shale fines storage area, and general plant site are basically the same. Recontouring and surficial soil placement over the disturbed areas will precede revegetation. Results from the revegetation test plot would be utilized in determining the final revegetation procedures.
